Dear Representative Moran:

We are pleased to inform you that the Sierra Club has endorsed your candidacy for the 2010 election cycle. The Sierra Club's national Political Team and the Virginia Chapter are pleased to extend our support for your campaign in appreciation of your demonstrated commitment to protecting America's environment.

Sierra Club promotes "Smart Energy Solutions" which shift us from reliance on fossil fuels and nuclear power to a safe, clean energy future built on efficiency, renewable fuels, and innovative technologies; the protection of "America's Wild Legacy" including our wildlife and their habitat and preservation our wild and special places; and "Safe and Healthy Communities" free from pollution of our water and air and toxic threats to communities across America.

Sierra Club and its more than 750,000 members work to support pro-environmental candidates and keep environmental issues a top priority for Americans. We encourage you to contact the Virginia Chapter's Political Chair, Tyla Matteson, at 804-275-6476 to learn more about how our members can become involved with your campaign. Our local and state volunteers will be happy to discuss opportunities to publicize the endorsement, offer expert knowledge on environmental issues, organize house parties, and explore other ways to support your campaign.

We wish you success in your campaign and look forward to working with you to protect America's natural environment for our families and our future.

Sincerely,
